- English (C2)

SOFT SKILLS
- Teamwork attitude
- Problem solving
- Growth mindset
- Creativity
- Attention to details

PROFILE

I am self-taught full stack engineer, and I am eager to get any work experience that is available. I am still studying through an online course to further my knowledge in front and back-end programming. I am an individual that thinks logically, and I am good at problem solving and abstract thinking. My accomplishments, so far, are my projects that are in my portfolio.

I'm open to relocation.

PROFESSIONAL EXPERIENCE

Sports Centre Operative, Sport, and Active Lifestyle
Leeds / December 2019 –2023

Ensuring smooth operation of the facility which includes maintenance, set-ups, using an online portal to track and request repair jobs and lifeguarding.

- Advisor in the development of workplace software.
- Education staff on proper software usage.
